Habitat
for Humanity®
Ireland

**Everyone needs a
place to call home**

One in four people in our world do not have a decent place to call home.

Families are forced to live in conditions that are cold and damp, overcrowded or do not have a door that locks.

A decent and affordable home provides the strength and stability a family needs to plan a brighter future. Their health improves, children do better at school and parents have a chance to earn a stable income.

Every day, Habitat for Humanity empowers families to build or improve the place they call home.

We advocate to improve access to affordable shelter and support funding models that enable families with limited resources to make vital improvements to their homes.

In Ireland, we bring people together from across the community to serve the most vulnerable. We raise funds to support long-term partner programmes in some of our world's poorest communities.

Your support will help us reach more families in urgent need of a place to call home.
